Reflections and Summer Solstice

As we gathered at the Courtyard Hotel Conference Room to sit in ritual space around a Medicine Wheel that was created to hold sacred ceremony, Mari Mendoza, a Shaman Teacher from Innerfaith

Ministries Worldwide lead the ceremony with true power and grace.

A Medicine Wheel is a physical manifestation of Spiritual energy. An outward expression of an internal dialogue. A mirror in which we can better SEE what is going on within us. It is a wheel of protection that empowers us to gather surrounding energies into a focal point and to commune with Spirit, Self and Nature and all elemental energies of creation!

It facilitates us with our "Vision," to see exactly where we are and in which areas we need to develop in order to realize and become our full potential. We are all deeply connected one to another, and by showing us the intricacies of the interwoven threads of life, we see our destiny fulfilled, as an ancient weaving

creating an image of sacredness. The Medicine Wheel demonstrates a deeper understanding of what our energy is in the Bigger Picture, the Sacred Hoop in which we all come forth. We add color, dimension and life to each other, and to every living thing. Regardless, of color, race, creed or sexuality we are all part of one another creating a beautiful existence and expression of the Whole.

In Chief Seattle's profound speech of 1854 he stated:

"Every part of the earth is sacred to my people. Every shining pine needle, every sandy shore, every mist in the dark woods, every meadow, every humming insect. All are holy in the memory and experience of my people.

Will you teach your children what we have taught our children? That the earth is our mother? What befalls the earth befalls all the sons of the earth.

This we know: the earth does not belong to man, man belongs to the earth. All things are connected like the blood that unites us all. Man did not weave the web of life, he is merely a strand in it. Whatever he does to the web, he does to himself."

The Medicine Wheel is a model to be used to view self, society, and what one chooses to bring to the circle. The sacred wheel teaches you to dance within it, offering clarity to ones highest vision, deepest desire, and most ardent goal. The Medicine Wheel is a sacred tool, creating ritual space with the purpose of healing and connecting to the Infinite. We are all one realization of "God" or Great Spirit, expressing as our individualized self.

With the warmth of the season caressing the land, the celebration of the Summer Solstice brings forth a truly joyous recognition that we can now enjoy the fruits of our labors in the past season. It is not surprising that this same spirit of joy and pleasure had carried over into our modern-day recognition of this, the

longest day of the year. It is said that whatever is dreamed this night will come to pass—certainly Shakespeare acknowledged the magic of this time in A Midsummer Night's Dream.

Have a joyous summer and know that you are part of a larger Circle of Light!
